

2016 PUBLICATION OF STUDENT PHOTOS & WORK SAMPLES PERMISSION FORM

At Kingsbury Primary School, we like to celebrate the students' success and promote their achievements in print and digital media. From time to time, pictures of children engaged in educational activities at school, on excursions and camps may be included in promotional material such as newspaper articles, newsletters, posters, info-boards, flyers, the school magazine, our school website or our school performances (concert). A necessary feature of this initiative is the inclusion of student photos and work samples.

We understand that privacy is a main concern parents have regarding the safety of their child. To further protect your child, their surnames will not be published in any external publications, such as the school magazine or on our website.

Children, who are selected to be photographed by commercial press, will be asked to complete a separate permission form by the particular photographer, company or the school.

We would hope that all parents would want to celebrate their child's success and tenure at Kingsbury Primary School and wish for it to be proudly displayed. We do understand and appreciate that it is the parents' right to determine if they would like photos and images to be used in school based publications.

As such, ***please tick your preferred option.***
